We will need a grand piano or an upright piano (tuned to a1=442 Hz) for our performance. If not available, we can bring a digital piano with us, which will need 2 x line jacks.

We have our own violin, nyckelharpa and accordion microphones, which require XLR and +48v.

We will need also 1-2 announcement microphones on stage.

The sound system (and lights) have to be ready and functional by the time musicians arrive. Minimum load in & sound check time required for the musicians to settle in is 30 minutes.

Catering requests:

1 x lacto-ovo vegetarian eating fish, allergic to quinoa & avocado

1 x omnivorous, but no fish

1 x omnivorous
